

Fifth Annual Virtual

Celebration Of Fathers

Saturday June 19, 2021

Produced By

Phi Omicron Chapter

An Unincorporated Association of the Omega Psi Phi Fraternity Inc. and

Restore, Uplift & Hope San Diego

Greetings,

On behalf of
Phi Omicron
Chapter, An
Unincorporated
Association

of the Omega Psi Phi
Fraternity, Inc. Each year,
we continue the tradition
of annually celebrating
the accomplishments of
outstanding Fathers. We want
to take time to honor the men
who are caring one way or
another for their children. We
honor all fathers, including
those who are non-biological,
and those considered
“community fathers” who
are mentoring and sharing

knowledge with dedication and love. We believe that engaging men to participate in their
children’s lives and academics is important for their growth and advancement.

It gives us great pleasure to honor these devoted fathers, community leaders, and cherished
friends. From the coach who gave extra time to listen to his players, from the real love given
without expecting anything tangible in return. Take a moment to think about the fathers in
your lives who have given love and support without expectations of receiving.

Each of our honorees share in the mission of charting a course for our children to reach their
dreams and to help them build their bridge to a bright future.

Phi Omicron Chapter serving San Diego since 1949, and through our mandated programs
such as the Charles Drew Blood Drive, Celebration of Fathers, Social Action Programs,
Dr. J.A.M., Adopt A Hwy, Community Policing Task Force, Valentine’s Day 5k, and Health
Initiatives creating a long-lasting friendships with the city and communities.

Honorees, we thank you for your participation, and may God bless you and your families.

In Friendship,
Eric O. Johnson, Basileus Phi Omicron Chapter

2021 Virtual Celebration of Fathers

On behalf of Restore, Uplift and Hope San Diego I would like to thank each one of the candidates and the organizations that nominated them for participating in our Celebration of Fathers event. By joining with us you are reinforcing our belief of the importance of the role of fathers in the family structure. Our candidates have shown their attributes are great fathers within their families and the community. Caring fathers lead, teach, protect, and provide for their families, but above all show the compassion, forgiveness, and love of God. In Psalm 103:13 the scripture states “As a father has compassion on his children, so the Lord has compassion on those who fear him.” These men are prime examples of that scripture, and we are proud of them all.

Respectfully,
Robert J. Rush, Jr., CEO, Restore, Uplift & Hope San Diego

CRAIG GALLOWAY

Born Nov.8, 1964 in San Diego, California, Craig was the second son of Alfred and Norma Galloway. He lived primarily with my mother, after my parents divorced at the age of 4. However, both my parents were heavily involved and played major roles in my life. My mother raised me “old school” and brought me up in the church where she played both piano and organ for various choirs. Therefore, I was always singing in the choir so she can constantly keep an eye on me. My father would pick me up on the weekends, sign me up for Little League Baseball, Pop Warner Football and to just spend quality time. He also took me shopping for school clothes and would take me to get my haircuts. One of my most memorable times with Dad was when he took me to get my “1st Jheri Curl” at Willie Morrow’s Barbershop on Market Street. I never thought I’d have rollers in my hair, What a day!

Music and Sports was my outlet. I loved listening to gospel music with my Mom and listening to jazz with my Dad. And of course, my older brother Kerry, kept me up to speed with the latest in R&B as well. I grew up in Southeast San Diego and finished high school at Helix High in La Mesa. I was blessed to receive a full ride scholarship to attend & play football at Oregon State University. And although we didn’t win a lot of games, I met some of the best people of my life. While attending OSU, I became very fond of Kappa Alpha Psi Fraternity, Inc., and pledged the Iota Iota Chapter, April 19th, 1986. Shortly after pledging, I became Chapter President from 1986-1987. I joined because I wanted to be a part of a brotherhood organization that allowed me to contribute back to the community by way of service, have a voice & influence on a university campus toward positive change and to set an example for other young brothers to follow along the way. And the Kappas at OSU were putting in the work.

On September 13, 2003 he met his future wife Melinda. Melinda already had a daughter and a son. The two became one on February 28th, 2009. Craig was so excited to raise her two children as his own, he legally adopted them so that they would share his last name as well. Later, Craig and Melinda would welcome their first child together, Gigi! Their oldest daughter Cambria earned a volleyball scholarship to the Air Force Academy and their son Chaz earned a volleyball scholarship to the University of Hawaii. In 2021 Cambria graduated as only the 2nd African American woman to accepted into the fighter pilot training program and Chaz led his team to win the national championship! 2021 was a great year!

DARRIN GLOVER

Darrin Glover was born in Baton Rouge, LA. He moved to Cullen, LA, a small country town in Northern Louisiana at age five. He was raised there by his parents, Arber James “AJ” and Fay, with his two younger brothers, Jaren and Carlos. Darrin has always been a hard worker who excelled, academically and athletically. Due to his academic success, he was selected to represent Spring Hill High School in the Upward Bound Program at Grambling State University.

Darrin always had aspirations to attend Grambling. However, in 2001, after taking a serious look at his future, he decided joining the Navy would be his best opportunity for a successful life at that time.

In August 2002, he attended basic training in Great Lakes, IL. In December 2002, he was assigned to USS NASHVILLE (LHD 13) in Norfolk, VA, and departed on his first deployment in 2003. Hoping to see the world! While progressing to the rank of chief, Darrin has received numerous awards in the Navy. Some of the most prestigious were Junior Sailor of the Year, Navy Recruiter of Year and the Navy Achievement and Navy Commendation Awards.

In May 2004, Darrin married his high school sweetheart, Tamekia, and the following year they had their first child, Dayshawn in October 2005. In 2009, he transferred to recruiting duty in Pine Bluff, AR and they welcomed their second and third children, Darius and Madison in 2010 and 2011, respectively. Being a husband and father is Darrin’s greatest joy. A constant in their lives, he has also volunteered as a football and baseball coach for his kid’s teams.

He currently serves as the Vice Basileus of Phi Omicron Chapter of Omega Psi Phi Fraternity and as chairman of the Dr. John Arrington Mentoring Program (DR. JAM) for young men in 6th through 12th grades. For his hard work, he has been awarded the Colonel Charles Young Military Leadership Award.

Darrin has a Bachelor of Business with a concentration in Organizational Management from Edward Waters College. This year, he received a Master of Science in Strategic Leadership from the College of Charleston. His hobbies include traveling, watching sports, cutting hair, reading about history and business, listening to music, and working out.

Congratulations to Brother Darrin Glover for being a nominee from Phi Omicron Chapter, Omega Psi Phi Fraternity, Inc for Celebration of Father's 2021.

2021 Virtual Celebration of Fathers

One of the best Fathers I have witnessed. The lengths you go to support your children are not unseen.

MORRIS HARDIN

Mr. Morris Hardin was born in Osaka, Japan. His father was in the Navy and was stationed there. His family subsequently moved to San Diego, CA, where he was raised. While he officially goes by Morris Hardin, he is most notably known as Skip. It is actually short for Skipper, a name which his dad gave him growing up because of his love of the Navy and amazingly, the name stuck.

After graduation from high school, Skip went to Morehouse College in Atlanta, GA, and subsequently transferred to Georgia State University. He studied computer science and began working in that field in Atlanta. Longing for home, he returned to San Diego to continue working in that field. He ultimately received a degree in Religious Studies from San Diego International Bible College. Currently, he works as a network field engineer for Symitar and has worked there for twelve years.

A community servant, Skip is a minister with Gridiron Ministries, where he is able to express the love of Jesus Christ to student athletes. After work, he takes his ministry to the field, serving as an assistant football coach for the freshman team at Helix Charter High School. In addition, he serves as a member of the Men of Purpose at his church.

A devoted father. He has three adult children and one grandchild, Kale'a Rose. In his free time, when he is not coaching and ministering to athletes, Skip enjoys being in the ocean, sailing and stand-up paddle boarding.

The Men of Purpose of Christian Life Center of San Diego
are honored to nominate

Morris "Ship" Hardin

For the 2021 Celebration of Fathers Award.

For God has not given us a spirit of fear, but of power
and of love and of a sound mind.

LEMAR SLATER

LeMar Slater is an educator who knows his greatest gifts come from above. Born in San Diego, he is a proud big brother to LeRoy Slater and Leanea Edmundson. Nearly a decade their senior, he learned at an early age the importance of family. As a college student during their respective high school careers, his presence was always welcome by LeRoy's friends, and Leanea's classmates. In fact, many followed his footsteps to college and still regard him as "Big Bro". As a point of continual jest with his sister, many of Leanea's friends at Lincoln High School assigned him the role of her dad thanks to his tireless support of her academic and extra-curricular activities. Currently, LeMar serves as a community liaison to the Lincoln Legacy Foundation.

Currently serving as the President of the Greater San Diego Morehouse Alumni Association. He promotes education to future generations. LeMar continues his endeavor to share his passion for education through his service to the youth of San Diego. He enjoys mentoring in the LINKS Achievers Program while regularly tutoring the young men of the Blue Heart Foundation and young scholars from across the nation with the advent of online zoom learning.

As a young honors scholar, LeMar began a mentee relationship with Dr. Howard Carey, of his church home, who inspired his outlook on how education, community, and leadership could transform the lives of those around him. With his best foot forward, LeMar's first step landed him 3,000 miles away from home in the city of Atlanta, GA where he studied at the historic Morehouse College graduating in 2000. In step with the leadership of his mentor, LeMar returned to San Diego with the drive to continue his efforts to serve and to educate. To that end, he works proudly with the ABC Youth Foundation as Head of the Learning Center.

Committed to excellence in education, LeMar has taught courses at La Jolla Country Day School, UCSD Summer Sessions, Southern Sudanese Community Center, and King Chavez Preparatory Academy. He is most proud to be a student of God's Word and active in fellowship at Bethel Baptist Church.
